

Windermere Oaks Water Supply Corporation

Committed to Providing Clean, Safe Water for All Our Residents

March 13, 2020

We wanted to let you know that the WOWSC has been keeping a close eye on advisories from a wide range of organizations concerning our water operations, including the American Water Works Association and The National Rural Water Association. Its counsel summarized:

At this time, existing safe management techniques in both drinking water and sanitation apply to COVID-19. **Extra measures are not needed. In particular, disinfection treatment processes will facilitate more rapid die-off of the COVID-19 virus.** Provision of safe water, sanitation and hygienic conditions play an essential role in protecting human health during all infectious disease outbreaks, including the current COVID-19 outbreak.

The WOWSC will continue to monitor the situation and will follow the guidance of leading health authorities. You can find info at:

<https://www.cdc.gov/coronavirus/2019-ncov/summary.html>

Or at:

<https://nrwa.org/2020/03/nrwa-statement-on-the-covid-19-virus/>

PLEASE NOTE, since there are no urgent action items for the Board to address at this moment, the WOWSC Board will postpone its March 17 meeting and reschedule at a date to be determined.
