

Dear Customer,

On April 11, 2024 the Texas Commission on Environmental Quality required the Windermere Oaks WSC public water system, PWS ID: TX0270035 to issue a Boil Water Notice to inform customers, individuals, or employees located inside the airport that due to conditions which occurred recently in the public water system, the water from this public water system was required to be boiled prior to use for drinking water or human consumption purposes.

The public water system has taken the necessary corrective actions to restore the quality of the water distributed by this public water system used for drinking water or human consumption purposes and has provided TCEQ with laboratory test results that indicate that the water no longer requires boiling prior to use as of April 12, 2024.

If you have questions concerning this matter, you may contact Windermere Oaks WSC at 424 Coventry Rd. Spicewood, TX 78669 or at [windermerewater@gmail.com](mailto:windermerewater@gmail.com) 830-598-7511.

Respectfully,

Windermere Oaks Water Supply Corporation.
