

January 28, 2025

Windermere Members,

Anser Advisory, part of Accenture, became the Temporary Manager of Windermere on November 21, 2024. As the Temporary Manager of the Water Supply Corporation, Anser will provide oversight of Windermere's operations while working closely with the members, the Board, and other stakeholders as we evaluate the system's needs and implement change where required.

Anser has experience helping rural and challenged communities of all sizes, assisting in developing cooperative relationships, and acquiring grants and loans. Anser also has an extensive background in evaluating system capital. It is Anser's goal to bring solutions to difficult issues and be a resource for the communities we serve.

### **Here's How We Can Help.**

Asset assessment, including current and future needs to develop a Capital Improvement Plan

Corporation Management

Compliance assessment, including financial and environmental

Project Management

Maximizing leveraged funding opportunities

Grant and funding application process

Anser is ready to work for Windermere. Providing oversight and direction with member involvement in an effort towards continuous improvement.
